I think a CFAC update would be good, Can we do that up front along with any update I may have? I have to go and have some minor surgery on a finger at 3:00.

Thanks
Mike

I've drafted a quick agenda for our Congressional update this Thursday afternoon. Let me know if you have any suggestions. Christina – I can skip my way through RI/FS status for OU3 – let me know if there is anything in particular you would like me to include. Mike – I know a lot has been going on - should we include CFAC?
